MANAGE YOUR
BUSINESS
CHALLENGES

With MEGA FINANCE STREAM PACK, no more:

- ✘ Slow reliable information for decision making;
- ✘ Rigid system;
- ✘ System without self-service reporting tools;
- ✘ Unpleasant surprise on account balances;
- ✘ Unforeseen expenses;
- ✘ Time consuming on matching activities;
- ✘ Cluttered user interfaces;
- ✘ Bad cash flow management;
- ✘ Massive annual entries;
- ✘ Standalone applications.

GET BEST
PRACTICES

Through Financials Cloud applications, what we are giving you is not just an ERP system, but a rapid transition to the best practices of your industry and a streamline way for managing:

- ✔ The lifecycle of your asset;
- ✔ Your cash and treasury activities;
- ✔ Your taxes and period close activities;
- ✔ Your third parties transactions.

DON'T WASTE TIME

FSP is a about rapid deployment. It's implemented using stream pack implementation approach. Built on the top of Oracle unified methodology, MEGA stream pack implementation approach is focusing on essential activities required for a transition in a **timeframe of 20 + 4 weeks**.
